2020 Census Coming Soon

In March, every household will receive instructions on how to complete the Census form either online, by phone or by mail. Responding is important because a complete and accurate count of every citizen helps determine how hundreds of billions of dollars in federal funding flow into communities every year for the next decade. JPL received \$13917.50 of state funding this year based on the number of citizens reported for the last census. Census reports also determine funding for local roads, highway planning & construction, schools, Pell Grants, hospitals, and health & wellness programs like SNAP, Medicaid, and Medicare Part B.

If you’d prefer to complete your form online, you can use library computers. Staff will not ask for your personal information and the computers do not record the information entered.

- Find out more about the 2020 Census at <https://2020census.gov/en.html> or n call 1-800-923-8282.

You can also contact the Regional office in Atlanta at 470-889-6800.

Photos & videos of patrons are taken at library programs; these images may be used on the library’s website, Facebook page, and newsletter to advertise library events.
